MONTREAT-ANDERSON COLLEGE

VOLUME 19
AGAPE 1992

A STEP ABOVE THE REST

Nature is one of the best examples to appreciate and acknowledge the power of God. As you make your journey to Montreat-Anderson College, there is a certain sense of serenity once you arrive here. Montreat-Anderson is more than just an institution of higher learning; for some, it is a home away from home.

Last year marked the seventy-fifth anniversary of the college and many changes took place. Mr. William Hurt was inaugurated as the fifth president in the history of Montreat-Anderson College. With the start of the "Joyfully Meeting the Challenge" campaign for M-AC, President

Hurt began to collaborate new ideas that will enhance the heritage of the college.

Dr. Hayward Hargrove was promoted to Dean of Student Affairs, before it was only Associate Dean of Student Affairs. Mrs. Hellon Andrews (affectionately known as Mrs. A) retired after twenty-six years of service to have Mrs. Ruth Logan serve as an excellent replacement. Financial Aid and, later on, Admissions returned under the supervision of the college.

Once you enter the gates of this college, it will not be hard to fall in love with the area. Montreat-Anderson will prove to be an uplifting experience in one way or another.

Ruth Logan, the new manager of the Bookstore, is a welcomed addition to the M-AC family.

President William Hurt discusses his ideas for the college to alumni John Stiles.

Marsha Evans takes the opportunity to appreciate the splendor of the majestic view.

Jim Bates attempts to take the Nестea plunge from the top of Lookout Mountain.

The walkway to Lake Susan allows students to get away from the hectic pressures of college life.

Flowing streams are not uncommon sights in the Montreat community.

It is no surprise to see why Montreat-Anderson is in the heart of the Blue Ridge Mountains.

UP AND COMING

The week before new students arrived, student leaders prepared for them by participating in a student leadership week. Dorms and clubs got together to brainstorm for ideas and activities to entertain the newcomers while they adjusted to their new surroundings.

Arriving on Saturday, the new residents of M-AC came here with one purpose in mind: to conquer the image of

being stereotypical freshmen. Armed with luggage, refrigerators and cute, stuffed animals of some sort, they were ready to face college life. Unfortunately, orientation took the wind out of a majority of them.

By the end of the first week of college, friendships and/or relationships were formed. This would mark the beginning of a new life at Montreat-Anderson.

The freshmen know "Thar's a Bear" but they don't know "whar."

Debbie Crain was one of the helpful people moving the new students into the dorm.

Upperclassmen show the freshmen the unlimited job choices they have after graduation.

Stefan Costner and Jenny "Bull" Stinnett get to know one another during the first dance.

Meg Bice wonders if this is a square dance or an aerobics class.

Betty Paulino plays pool to ease the tension of her first week here.

Karen Campbell and Naj Alicea sing for the freshmen during the Talent Show.

Rhonda Littlejohn provides service with a smile during Freshmen orientation.

Ty Whitmire and Rick Pendleton are ready to face the world or at least Dr. Risher's class.

Christi Ann Payne, John Mills and Doug Brown relax after showing their moves on the dance floor.

Emi Cabrera, Heidi Osler, Kathy Balinski and Jen Branham show off some big grins while enjoying each other's company at the Homecoming soccer game.

Members of the 1991 Homecoming Court are dressed to impress the crowd of anxious fans.

Tom "Big Daddy" Hilgers give last minute instructions to the Homecoming Court on how they will be presented.

Phil Parker rises to the occasion and uses his head first before he reacts.

UP WHERE WE BELONG

Homecoming 1991 was a time of strengthening new acquaintances and maintaining new friendships. Before the arrival of the alumni on Friday, a pep rally and spirit week were put on to allow the students to display their school spirit.

Many of the alumni arrived on Friday to reminisce with friends about their college years. Later on that evening, a square dance gave the current students an opportunity to promenade their partners and learn the King Tut.

Soccer coach Steve Barrett gives the team a few expert pointers before the big game.

On Saturday, everyone congregated on the soccer field to see our Cavaliers defeat Toccoa Falls in a 3-2 victory. During halftime, the Homecoming Court was presented and all spectators had a sense of pride for M-AC.

A concert of former students was performed and the talents of the participants proved to be a blessing from God. Homecoming 1991 proved to show that you are never too old to return home.

Mark Erwin pursues a runaway ball in hopes of making a goal for M-AC.

Cavalier fans just can't hold back their enthusiasm and support for the home team.

QUEEN OF OUR HEARTS

AND THE COURT

Leslie Blow (Queen) represented McGregor Hall. Escorted by Reid Cavnar.

Kylie Vandawalker (Maid of Honor) represented Davis Hall. Escorted by Chris Schmidt.

Stephanie Hopkins represented the Senior Class. Escorted by Al Goodman.

Laura Woods represented the Day Students. Escorted by Bryant MacEntire.

Rhonda Littlejohn represented the Junior Class. Escorted by Kenneth Graham.

Rebecca Powell represented M-A Hall. Escorted by Frank Turchi.

Traci Haynes represented the Freshman Class. Escorted by Marty Parsons.

Jennifer Francis represented Howerton Hall. Escorted by Quent Johnson.

Jennifer Baujan represented the Sophomore Class. Escorted by Edward Izlar.

DANCING THE NIGHT AWAY

At first, the cafeteria was just another place where students ate or avoided the food. Through the hard work of the Student Activities Committee it was transformed into a world of enchantment. Whether the music was a melody to cuddle up with your dance partner or to shake your body into a rhythmic frenzy, no one can deny that the Homecoming dance stood still. Even though the decorations were put aside for the next year, the memories of the event will last forever.

STUDENT LIFE

"As iron
sharpens iron,
so one man
sharpens
another."
— Proverbs
27:17

Hunter and Frances use their clown and mime abilities to present the Word of God to children.

The Sun Pyramid was one of the many ruins visited during the group's stay in Mexico.

SPEARHEAD 91

Mark 16:15 states, "Go into the world and preach the good news to all creation." Nine M-AC students, led by Dr. Ron Brunson, got the opportunity to do this from participating in the Spearhead program.

A branch of Latin American Missions, this two month stint of mission work in Mexico City allows the individual

not only to learn about the Mexican culture but how to present the Gospel through creative outlets, such as clown or mime skits.

For those of you who want to strengthen your faith and submerge into a different culture, Spearhead is the program for you. The work is hard, but the benefits are worth it.

Participants in Spearhead 1991: (back row) Dr. Ron Brunson, Bryan Hinkle, Hunter Stevenson, Frances Domingues and Paulette Mixon. (front row) Dean Peteet, Andrew McCaskill, Jennifer Estep, Keith Robinson and Al Goodman.

The snow capped mountain was an unusual sight in Mexico because of the humid climate that is normally kept.

The Montreat-Anderson group posed behind one of the biggest Roman Catholic churches in Mexico City.

Dean, Al, Melinda Taylor (M-AC alumni) and Bryan are posing for their picture appropriately titled "Three Mimes and a Little Lady."

Keith Robinson disproves the fact that an animal's bark is worse than its bite.

Al Goodman receives his just desserts from his Mexican family as a birthday present.

Kathy, Jodi and Heidi show that women can live off the bare necessities and still look good.

One of the groups from Discovery is going to take the easy way of traveling.

Becky Brown takes advantage of the quiet time that she has with the Lord and contemplates over the trip so far.

Heather Jamerson wonders if hiking or resting is the more exciting part of Discovery.

Paige decided that biking was the only way to go.

AN UPLIFTING EXPERIENCE

The summer of 1991 was a time of trials and perservance for a group of students who participated in the 21 day wilderness program called Discovery. The experience uplifted the participants, not only in soul, but in body as well. Hiking up and down the mountains of Western North Carolina taught them the lessons of nature that cannot be understood in any classroom. They were greatly challenged through many different activities, such as; white-water canoeing, rock climbing, repelling and mountain biking. The last days concluded with a time called solo, where the participants were on their own with no communication with the group and no food either. The trip home was a 14 mile run, down from Mt. Mitchell, into the valley of Montreat. Discovery challenged most of these students in a way that they have never been before, but what they gained was worth the challenge. A song by Michael Card expresses the meaning of God's great gift of the wilderness. "In the wilderness, in the wilderness, He calls His sons and daughters to the wilderness. And he gives us grace sufficient to survive any task. That's the painful purpose of the wilderness."

The Camel is one of the most infamous place for people on Discovery to climb because of its difficulty to master in climbing.

This group is an example of how close one can get towards his/her peers in the Discovery program.

THE TALK AROUND CAMPUS

All students who attend Montreat-Anderson must be required to go through the General Education course. This is more commonly known as Convocation and Chapel.

Convocation occurs every other Tuesday and its purpose is to relay general information to students on various topics from alcohol awareness to career placement.

Chapel is a weekly gathering of the students every Thursday to worship the Lord in song and hear messages from ministers or people in the clerical field.

Jack Brinkley, who is the director of the Western North Carolina chapter of the Fellowship of Christian Athletes, was our first convocation speaker. His dynamic voice and testimony kept the audience's attention. Dr. Lyle Dorsett was this year's Staley Distinguished Lecturer and his lectures on C.S. Lewis caused a bigger interest in Lewis' literature on campus.

As the year progresses, many students hope to be entertained as well as informed from going to Chapel and Convocation.

Stan Bell talks to Jack Brinkley about who that annoying person is with the camera.

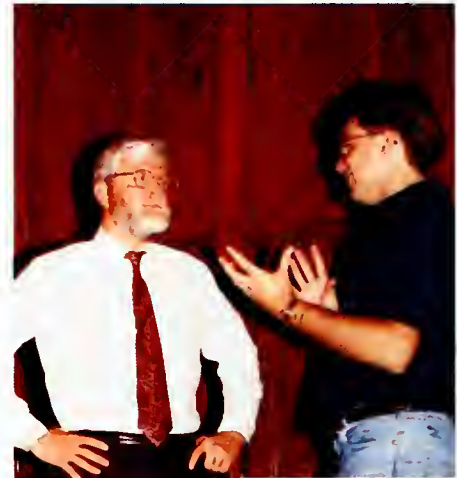

Randy and Wanda Olson wonder who was that person hitting extremely loud and high notes during chapel.

Catherine Martin is so attentive to the speaker that not even an eye irritation can deter her from listening.

Shane Marsh discusses his interest in C.S. Lewis to Dr. Lyle Dorsett.

Carmen Copenhaver cannot seem to get a job, even when Beth Wirtjes is her interviewer.

From the sly grins on their faces, Kim Holt and Gary Montgomery know something that Beth Sutherland does not.

HARVEST FEST

Food, games, prizes, fun: what were all these things a part of? The 1991 Harvest Festival that was held on November 2nd from 1pm to 5pm. There were activities for each and every kind of person. There was face painting, football throwing and the annual car bash just to name a few. The every popular dunking booth was present for everyone's enjoyment and this year Bob Graham graciously let his car be painted in fluorescent colors by everyone. Different classes and clubs had wonderful treats to eat that included cotton candy, popcorn, candy apples, funnel cakes and shiskabobs.

The entire day was full of fun for everyone. Because Harvest Festival was during Family Weekend, even more people were able to enjoy it. Thanks to all the hard work put into the festival by the clubs and organizations at M-AC that participated this year. This year's Harvest Festival was better than ever.

Tisa Lewis winds up for a fast pitch at the Harvest Festival's baseball throw.

Not even MC Hammer can touch the power of President Hurt in the car bash.

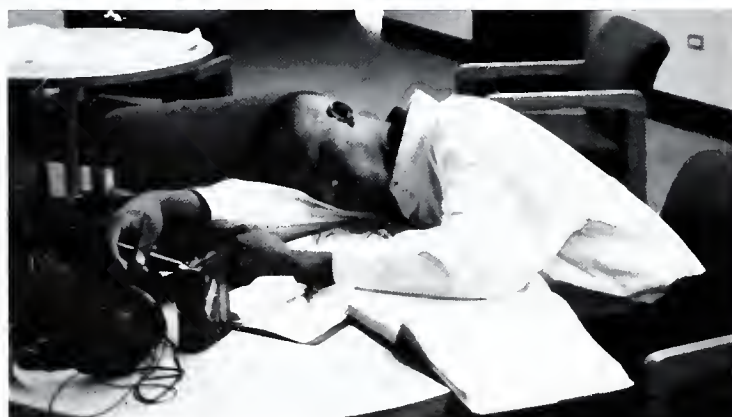

Jennifer Hardman and Brad Tarr express their artistic abilities courtesy of Bob Graham's car.

UP ALL NIGHT

Bloodshot eyes, huge yawns, mismatched socks: what is the cause of all these happenings? The answer is MAC students staying up all night long to cram for tests, write papers due the next day or study for finals.

You can find these up all nighters anywhere at any given time. They may be in the library or perhaps the Belk Center. After midnight, you will find the first semester freshmen studying in the lounges of their dorms or any other quiet places they can find (sometimes even the laundry rooms!). But no matter what time of day or night it is, you can always see someone "studying" (actually more like socializing) at Huddle House with Jack and Frank.

Shan lives for nights without sleep.

OVER
matter

Lori uses the laundry room in McGregor to work while she washes.

Rita is happy to see that her computer is not playing "Find the missing paper."

Stefan believes the best way to learn material is through osmosis.

When Reid gets into a rut, he puts on a Billy Idol tape to survive for the rest of the night.

Mr. Sonnenberg is getting his just esserts after preying on innocent biology students at Lake Susan.

Lori tries to upstart Randy in the clown business.

Matt Liebler holds his own in the limbo contest during the Hawaiian cookout.

Parachuting from an airplane is for the risk takers here at M-AC.

Karen Campbell and Al Goodman are jamming to the beat — country beat, that is.

M-AC ATTACK

The eternal question for a student at M-AC was what to do for the weekend after a week of tests, papers or other academic stresses? Many students, who were involved with Student Activities, helped co-ordinate on campus activities. This year, various activities from dances to coffee houses were held to have students entertained without spending any money.

Students went into Asheville for a variety of ways to relax from Montreat-Anderson. Many students may go to shop in the mall or catch a movie (preferably a \$1.50 cinema) after eating out for a change of pace from the cafeteria. Other activities such as roller skating, dance clubs or plays allowed students to have a change of pace.

For those of us who do not have a car, the campus served a place of entertainment. The adventurous types explored the mountainous areas within and outside the Montreat community. Another alternative for entertainment was the Belk Center. Television was also a source of rest and relaxation. Renting movies was popular among the less athletic student.

No matter how the students spent their weekend, Montreat-Anderson was a place of rest or a source of entertainment.

INTER ACT

InterAct is a contemporary worship service designed to promote fellowship in a warm, Christian atmosphere. It is a service where those attending are allowed to ask questions and hold onto their individuality; conforming only to fellowship and Christian love in a comfortable setting.

After the diligent work of Darwin Glassford, Reid Cavnar, Leslie Blow and Holly Sosebee — InterAct became a reality on August 25th, 1991. Eighty people attended the first InterAct service, which was able to minister in a fresh new way to the young people on campus.

The goal of the InterAct team was to offer an on campus worship service geared to the young adult college student. It enhanced their spiritual lives and complemented their views of the 11 am service at Montreat or the other neighboring churches. The main goal of InterAct was to reach out to those who did not go anywhere to church and guide them toward a better understanding of where they are in their spiritual walk. InterAct fellowship wanted to enrich the Christian lives of M-AC students.

Karen, Boo, Penny, Rhonda and Christy listen to the speaker for inspirational words that come from the Lord.

VESPERS

Vespers was a contemporary worship service held in the Belk Campus Center on Sunday evenings by the students of Montreat. This year we were fortunate to have Rebecca Bush as one of the prime organizers, along with many students which helped out with overhead and sound equipment.

A Vespers service consisted of music, prayer biblical readings, and exciting speakers. The service usually began with expressive music of praise where everyone joined in clapping and singing. Afterwards, there was a time of prayer and the introduction of the dynamic speaker.

Along with SCA, InterAct and chapels, Vespers was one of the activities offered on campus where young adults can come and worship God in a friendly, relaxed atmosphere. As Christians, we should always remember Hebrews 10:25 — "Let us not give up meeting together, as some are in the habit of doing, and let us encourage one another — and all the more as you see the day approaching." (King James Version)

Rebecca leads the group in songs that describe their love to God.

Lori seems happy to have the camera show her smile about being a child of Christ.

DAY STUDENTS

Balancing home and school

Some students are not able to handle the exciting, fast paced environment of dorm life. As a result, many of them choose to live off campus.

Why would these students choose to set themselves apart from the fellowship found within the dorms? It is a lot cheaper for students to live off campus. For married students, there are no living facilities to accommodate their families. Many believe that a dorm room does not compare to the peace and quiet of your own domicile.

Even though they do not live on campus, they are a vital mainstream to college life here at M-AC. It is not surprising to see them eating in the cafeteria, lounging around in Belk or attending extracurricular activities sponsored by Montreat-Anderson. Day students have a lot to offer to the college and are becoming a growing number at M-AC.

Matt Haney usually wraps himself up in his work, but this time he knew the literal sense of being wrapped up with the help of Stuart Nanney.

DAVIS

Nothing on campus strikes fear into the hearts of the students as these two words — Davis Hall. Davis Hall is recognized as the best dorm on campus. The men of the hill, as they are known excel in all aspects of college dorm life. Ask any lady on campus and she will tell you "the men on the hill are worth the climb." Davis has worked hard to keep its high reputation as the best above all the rest. Many improvements have been made to better the dorm. One of these improvements has been the addition of a free pool table into the school's only gameroom in a dorm. You can see why Davis Hall continues to be number one.

HOWERTON

Howerton, as many other buildings in Montreat, is very unique. But the true uniqueness comes not from the location or the material the building is made from, but the spirit which fills the halls. This uniqueness emits from the people who live in Howerton. Each year a variety of people come into Howerton and this year is no different. This is where true growth begins in college and is the birthplace for the spirit that surrounds Howerton. The rooms of Howerton are filled with people from all over the United States, even from other countries. They come as strangers, but leave as friends.

Justin Ramb and Kenneth Graham attend a SGA meeting to voice their concerns in order to make Howerton Hall a place the residents can be proud of.

MCGREGOR

Many of us would agree that the people inside the dorm make up the uniqueness of the building. This is the case for McGregor. With the advantage of McGregor being a co-ed dorm, there is a certain maturity that comes along with the privilege of having men and women living in the same residence hall. Those who live outside of our home consider McGregor a retirement home of sorts. The residents of McGregor would strongly disagree because of the leadership and talent that are under that roof. This poem sums up the idea of us being "old":

Why are you always putting us down?
 Saying we're too old to get around.
 We don't worry about fire drills,
 That come from students who want a thrill.
 How about curfew and other rules,
 That are broken by freshmen who think they're cool.
 We are the dorm that lives forever,
 So all the campus should fear

M-A HALL

In the fall of 1991, 120 girls gathered in M-A Hall lobby to kick off the new year. They were greeted with the fresh scent of painted walls, smooth carpet under their feet and color co-ordinated cushions to brighten their view. They came together as strangers, but as the year progressed they became the closest of friends. Beth Wirtjes, resident director, helped and guided the girls in every way she could, even if it included making late night hospital runs. M-A Hall has proven to be the "happening place" all year from dorm Bible studies to Otis (the elevator) breaking down. The excitement never ends for these girls.

ADVENTURE

"Two roads diverged into a wood and I, I took the one less traveled by, and that has made all the difference." (Frost)

The TNT club was started last year in order to give students and staff a chance to challenge themselves in extraordinary ways. A founding principle of the club is careful use of the environment while experiencing "... life on the cutting edge."

Bran Daniel speaks to Jay (the bike supplier from Lynx ministries) as the TNT club and some "adventurous" biology students prepare for the trek down Mt. Mitchell.

THE ALETHEIA

The Aletheia is Montreat-Anderson's student run newspaper. The journalism workshop class was responsible for most of the articles in the Aletheia, although the entire student body was welcome to participate. Mark Bolick proved to be an excellent editor. He and Matt Haney spent hours doing the layout for each character.

1) Mark Bolick, editor extraordinaire. 2) Top row: Donna Buggs, Anita Bumgarner, Joanna Knowles, Anita Allen, Naj Alicea. Bottom row: Kim White, Tara Paquette, Mark Bolick, Justin Ramb, Matt Haney, and Dr. Gray 3) Having fun, guys? 4) How in the world does this thing work?

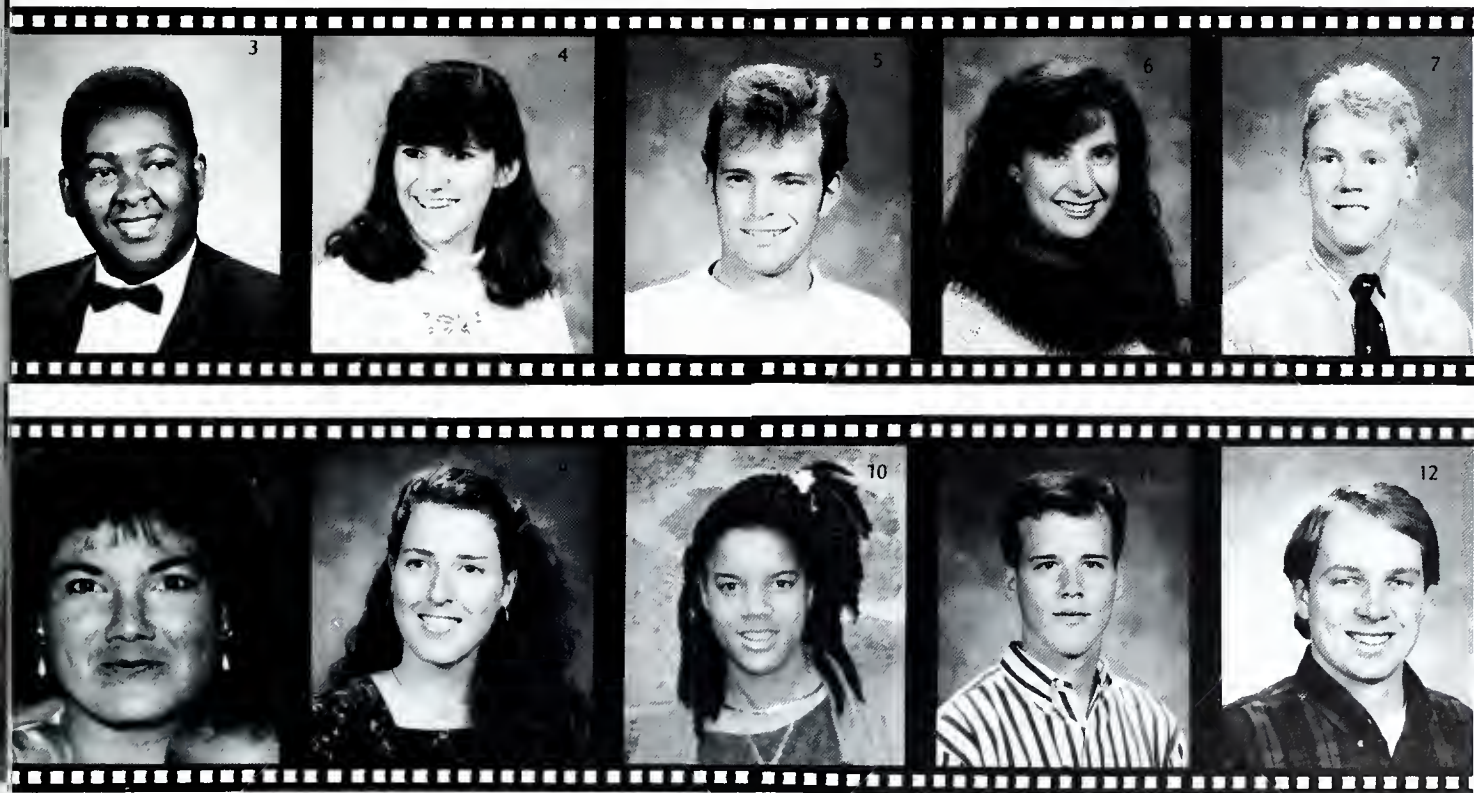

THE AGAPE

Agape which is the Greek word for unselfish love, is also the title of our illustrious yearbook. We try to sum up the events that have happened over the past year. Under the dictatorship of Al Goodman, the Agape staff hopes that this publication will be something that you can treasure for years to come.

This year has been a busy one for the staff. Along with picture-taking and meeting deadlines, the first annual Agape Photo contest was held. In view of the student body's terrific response, the Agape staff hopes to make this an annual event.

1) The one and only Al Goodman, Agape editor. 2) Another night before a deadline. 3) Al Goodman — editor 4) Lisa Gibson — assistant editor 5) Brad Hunt — staff 6) Tara Paquette — Clubs and organizations section editor 7) Stuart Nanney — Clubs and organizations section editor 8) Tina Barrett — advisor 9) Janie King — Sports editor 10) Desi amDab — Dorms editor 11) Andy Brown — staff 12) Tom Hilgers — Advisor

CELEBRATION

Celebration, once known as the General Assembly Singers, sings their hearts out during the Christmas program in Chapel.

Celebration: Lovanda Fast, Joe Troutman, Stephanie Hopkins, Jonathan Woody, Dr. Neil, Dan Mathwin, Marcy Buckner, and Tom McMurtry

Come on guys, Dr. Neil isn't that bad. (or is he?)

CONCERT CHOIR

Hey Andrea, don't you know that closing your eyes won't make them go away?

The Concert Choir hopes that Dr. Neil doesn't have bad breath.

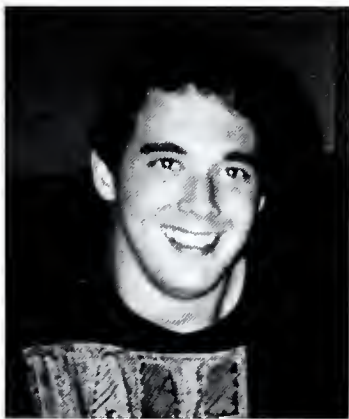

Practicing hard for the big day of performance that they know will soon come.

HONOR COURT

Honor Court is a part of the student government association. The student government association at Montreat mirrors the United States government in that it has an executive branch, legislative branch and judicial branch. Honor Court is the judicial branch of the college. It is a court of the peers. The members of the court are elected by the student body and the respective classes.

STUDENT CHRISTIAN ASSOCIATION

The Student Christian Association is a Christian organization for the student at Montreat-Anderson. The president is Rhonda Littlejohn and faculty sponsor is Dr. Darwin Glassford. The Student Christian Association is the organizers and the sponsors of Vespers which meets every Sunday night at 7:00 p.m.

(Above) Evan and the doctor take a break.

(Top right) Hey Traci, cheer up!

(Right) Rhonda on a bad day.

Hey you! Wake up to Christ!

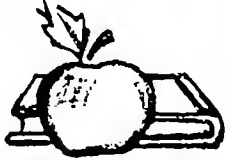

Rebecca Bush, Even Llewelyn, Rhonda Littlejohn, Dr. Darwin Glassford, and Traci Folk make up the leaders of the Student Christian Association.

"Go ahead, make my Bible study."

STUDENT GOVERNMENT ASSOCIATION

The purpose of the Student Government Association is to bridge the gap of communication between the administration and the students. The Executive and Legislative Branches meet every week to discuss ideas and provide an opportunity for students to express their concerns.

"The president gives his honest smile."

FELLOWSHIP OF CHRISTIAN ATHLETES

Last year Coach McNamara got the Fellowship of Christian Athletes sparked up, but this year he went a step further to get the fire burning with the hopes of building the spirits for sports and spreading the gospel. By building the spirits and spreading the gospel we can get Montreat on fire and avoid that eternal flame!

 tion that is composed of students who
 come from countries outside of the Unit-
 ed States. We have students from Africa,
 Japan, and Thailand, just to name a few.
 This club is designed to help New Inter-
 national students adjust to America
 within a Christ-centered environment
 like Montreat-Anderson College.

STUDENT ACTIVITIES

The main goal of the Student Activities Committee has been to provide the students with a variety of quality activities. It is a student-run organization that is responsible for planning and implementing such activities as concerts, a variety of dances, movies nights, talent shows, etc.; the possibilities are endless.

PEOPLE ON THE MOVE

No can deny that Juniors are at a point of excitement and fear in their lives. As they have two more years of college left, they are face with endless decisions. What kind of graduate school am I going to? Do I want to go to graduate school? Am I ready to leave the gates of Montreat-Anderson College? Yet, there are advantages to their status. They have already established their identities and no longer conformed in order to follow the crowd. Most of the top level leadership positions on campus are held by Juniors.

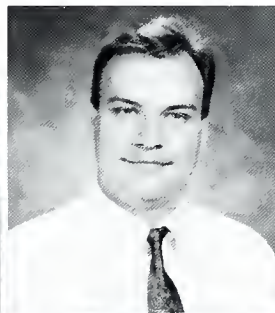

When Montreat-Anderson College became a four-year institution, Juniors who stayed on after the expansion of the college were valuable to the growth of M-AC. This rings true today because of the talents and gifts that each person possesses. As a result of the four-year program, Juniors have become a hot commodity to the college.

ON YOUR OWN

Most freshmen enjoy going to a college that is not too close to home. One reason is because they no longer have to be under the regulations and rules of mom and dad. Another reason is for them to be able to live in a different environment that will help them prepare for the real world. One of the most needed assets is the ability to organize.

But once a student is away from home, discipline seems to be an idea that is too often forgotten. Being responsible for class scheduling and other extracurricular activities is a heavy task for someone who is away from home for the first time. As a result, students will allow these goals to build up until they receive an illness called burnout.

It is great to be out on your own, but with freedom comes responsibility. That is why it is important to know your limitations when it comes to your first year in college.

FRIENDSHIPS AT M-AC

One of the greatest gifts that God created was friendship. These people that we call friends are there for us when we need counsel or support. Too often, we take these friendships for granted and before you know it, those special people leave.

Freshmen often come to Montreat-Anderson College without knowing a soul. Within the first couple of months, they make friendships that will last them for a lifetime. It is no wonder when students leave from here they will remember the moments with their friends more than anything else.

M-AC DEDICATION

" . . . but let your adornment be the hidden person of the heart, with the imperishable quality of a gentle and quiet spirit, which is precious in the sight of God."

The life of a college campus presents to all students the challenge of peaceful existence in the midst of constant pressure. Students are often introduced to unfamiliar belief systems and are encouraged toward patterns of critical thought that have never before been fostered in their minds. In efforts to sustain the peace of God which surpasses all understanding as spoken of in Philippians 4:7, it is beneficial to follow in the shadow of one who exemplifies a lifestyle of confidence only found through Christ. Montreat-Anderson College is surely graced through the radiant presence of such a deeply spiritual influence as Ms. Bonnie Lundblad.

Ms. Lundblad has demonstrated her passion and love for literature as well as created a thirst for such knowledge in the hearts and minds of all who have been associated with her during a thirty year journey of teaching English. While at Montreat she has twice been elected "Teacher of the Year" by her colleagues, been granted tenure by the Board of Trustees, served as chairman of the Professional Growth Committee of the Faculty as well as chairman of the Humanities Division, and has served as the advisor of the Fine Arts Festival and the Student Government Association. Outside the academic realm, Ms. Lundblad has consistently given to the community through church participation. She has been appointed chairman of various events and organizations, as well as serving as a liturgical minister and chalice bearer. Ms. Lundblad has also been elected as a member of the Vestry of All Souls Episcopal Church.

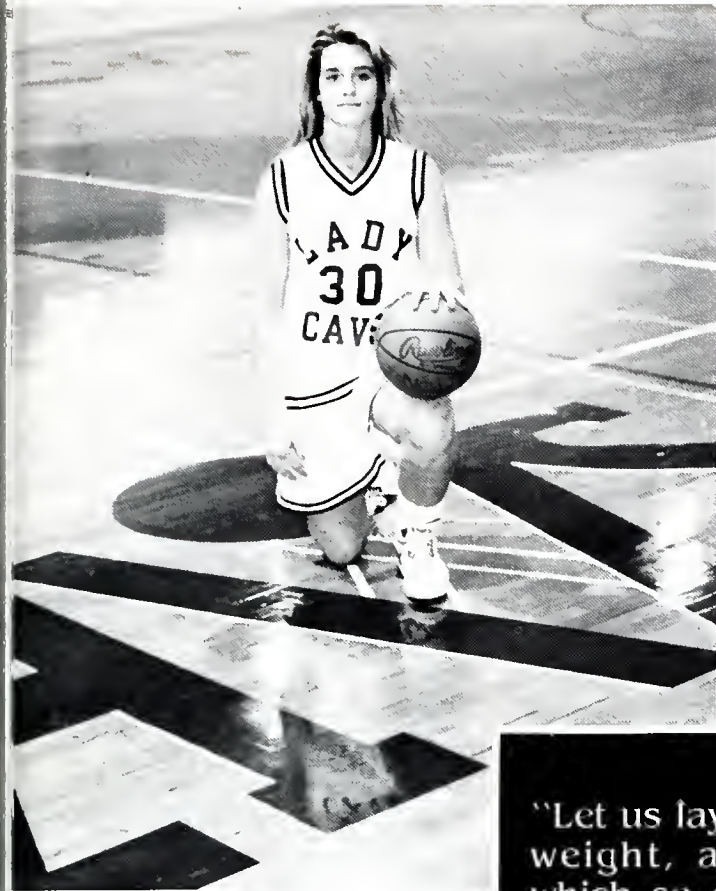

Bonnie Lundblad stands as a tower of Christ-like wisdom, and yet is able to go beyond the intellectual realm to truly educate students with her heart. There is a radiance about her that inspires us all to seize the day in which we live, and to search deeply for the unseen treasures lying within the knowledge of Christ. This exuberant nature is exemplified through the simple yet powerful lines of a very beautiful poem:

When I am an old woman, I shall wear purple
With a red hat which doesn't go . . .
And gobble up samples in shops, and press alarm bells
And run my stick along the public railings
And make up for the sobriety of youth.
I shall go out in my slippers in the rain
And pick up the flowers in other people's gardens
And learn to spit . . .
But maybe I ought to practice a little now?
So people who know me are not too shocked and surprised
When suddenly I am old and start to wear purple.

SPORTS

"Let us lay aside every weight, and the sin which so ensnares us, and run with endurance the race before us . . ."
" Hebrews 12:1

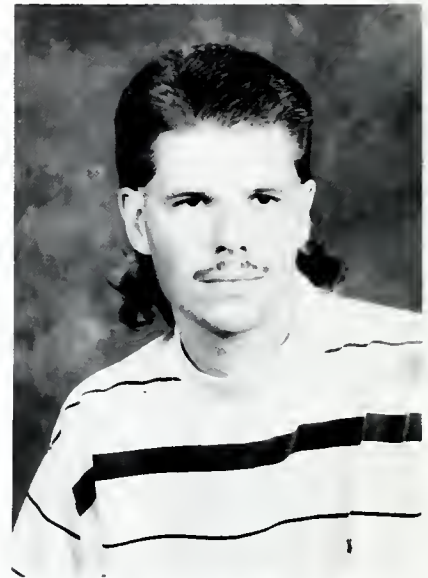

SOCCER

The 1991-92 soccer team was another team at Montreat-Anderson that had little experience, but more than made up for that lack in hard work, determination, and raw talent. This year the soccer team had fourteen freshmen, three sophomores and a new coach. There was a lot of work that had to be done to bring the team together, but everyone was willing to help out and work together. Talent was also a key factor in the Cavaliers successful season this year. Nine of the fourteen freshmen were All Area, All Region, or even All State in high school. The three returning players: Quent Johnson, Bob Mwaura, and Mark Tucker added depth to the team through their experience and their mature approach to the game. Coach Steve Barrett termed this season, "A new beginning", and everyone can see the changes that are taking place for the better.

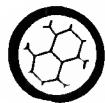

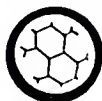

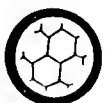

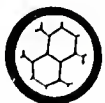

"This year was a very crucial and successful year. We took a whole new team along with a new coach and gained back respect from many schools. I was very proud of all the guys because there were always good attitudes and positive vibrations on the field."

Quent Johnson

"The soccer team experienced a true sense of heart this season. With fourteen freshmen and three sophomores composing the team, unity was a key factor for the season. The persistence of the team, although inexperienced, provided an encouraging outlook for upcoming year."

VOLLEYBALL

Many of the teams at Montreat-Anderson are very young, but are building steadily. The 1991-92 volleyball team is no exception. With only four girls returning this year, they added six new players, five of them freshmen. The Lady Cavaliers had a short but packed season, playing over sixteen games in less than seven weeks. The starters on the team were freshmen; Jennifer Parton, Traci Haynes, Carri Lucksavage; sophomore Becky Brown; and juniors; Heather Jamerson, Heidi Osler. They had some great back-up from freshmen; Amy Dill, Jennifer Gunsch, Janie King, and juniors; Trish Lewandowski, Daphanie Bousum. These ladies are hard workers and truly love their sport. Coach Carole Fox looks forward to working with them in the future.

GIRLS' BASKETBALL

The 1991-1992 Women's Basketball Team had a busy season this year. These ten ladies played over twenty games this season including our rival college, Warren Wilson. They also attended the Bahamas invitational in Freeport over Christmas break. The Lady Cavaliers have three freshmen: Traci Haynes, Leigh Anne Robinson and Carri Lucksvage; two sophomores: Shon Snipes and Anita Bumgarner; and five juniors: Alison Swanger, Yvonne Gagnon, Daphanie Bousum, Trish Lewandowski and Rebecca Bush. Of all of these Alison Swanger, Shon Snipes, Anita Bumgarner and Trish Lewandowski were returning players from last year. All of these women have put hours of hard work and dedication into their practices and games. Third year coach Dana Bostic and assistant coach Carol Fox are very proud of these ladies and their determination.

BASKETBALL

The 1991-1992 Men's Basketball Team definitely had an exciting season this year. The majority of the team were freshmen (only three returning players came back), yet the Cavaliers did not let this inexperience stop them at all. They came together as a team and played to the best of their abilities. This year their schedule included twenty-two games and three tournaments, including Chipola Classic which they attended over Thanksgiving break in Florida. Coach McNamara and assistant coach Kevin Harris are very proud of the effort that these men have put into the season. The coaches, players and fans look forward to the 1992-1993 season that will be just as great as this season was.

CHEERLEADERS

PUMP UP THE SPIRIT!! That was the purpose of the cheerleading squad this year. The cheerleaders lead the crowd with their cheers during the time outs and just when it was needed most during the basketball games. The squad consisted of seven freshmen girls, who were willing to give up their time to put together their cheers and practice them to perfection. This group of talented ladies consisted of Caroline Dorough, Tondra Dean, Allison McClain, Jenny Thompson, Andrea Curry, Michelle Nicholson and Ingrid Hinson. Their captain, Allison McClain, is very proud of the effort everyone has put into cheering this year.

"This year the cheerleaders' main goal was to get the crowd more involved. We worked very hard this season and improved in a lot of weak areas. I think we had a great season overall and I appreciate the effort that was put forth."

Allison McClain

- 1) The only way for the Montreat cheerleaders to start a game is with a prayer.
- 2) The cheerleaders get the crowd pumped up.
- 3) Penny Chenault: super sponsor.
- 4) Cheer till you drop!
- 5) The 1991-1992 Montreat-Anderson Cheerleaders: (bottom row) Allison McClain, Caroline Dorough, Ingrid Hinson. (top row) Tondra Dean, Michelle Nicholson, Jenny Thompson, Andrea Curry.
- 6) Michelle Nicholson learns new routines.
- 7) Pump up the spirit.

DANCE TEAM

The Dance Team was new to M-AC this year. They entertained the audience half-times of the basketball games. In order to be on the Dance Team, they had to audition before a panel of judges. After being chosen they had to spend many hours learning and rehearsing their different routines. These eight beautiful women have worked together and fought through thick and thin to show their talent and dancing ability. Captain Cheri Gladson is very proud of the work the Dance Team has put in this year. Hopefully, the tradition they have started will continue for years to come.

"I feel the main word to describe the Dance Team is teamwork. We had to start from scratch and pray for the best. We work together and have become a family. Through the Lord's guidance we hope to be able to make halftime enjoyable for the faculty and students."

- 1) Dance Team candidates give their "Aren't we beautiful" smiles.
- 2) Practice makes perfect.
- 3) We're number 1!!
- 4) Wait a second, are these the judges for the Dance Team or for Hee-Haw?
- 5) Beckey Powell, just one of the many Dance Team beauties.
- 6) The 1991-1992 Dance Team: (bottom row) Samantha Steelman, Cheri Gladson, Christina Strickland. (top row) Marsha Evans, Jennifer Francis, Nicole McSwain, Jennifer Baujan, Beckey Powell.
- 7) Christina looks just a little lost.
- 8) Jen Francis is in control even when 3rd floor of Belk loses gravity.

The Enforcers

"Whose move is it?"

"Momma said knock you out."

As the rock group, the Doors, declared, "This is the end!" Being responsible for this annual has been a combination of anguish, joy, pain and excitement. There were times when I wanted to give up and hand this over to someone else, which leads me into something I feel that I have to get off my chest. For the past three years, Montreat-Anderson has been a second home to me and the people here my family. This feeling has not diminished at all this year. My only concern is who I am leaving this college to once I graduate?

Many of you gripe about the way things are ran around here. I am not excluding myself from this group, but I did something about it. You may wonder what is the miracle solution to this problem? Do the following: GET OFF YOUR BUTTS AND GET INVOLVED! By now I have offended a lot of you and you know what? I am glad that I did. It is no secret to why the same people are selected to serve on 6 billion committees. They are the ones who are honestly concerned with the welfare of this college. You may say to yourself that student leaders are the only ones asked to participate in those activities. I do not want to exclude the quiet populace who also love the school, but where were you when SGA needed to fill vacant positions? But SGA is not the only avenue to serve the college. There are organizations such as SCA, FCA, Student Activities, etc., who would love to have you on their teams. If you willing to speak up, they are willing to listen.

Now that I am off of my soapbox, it is time to get back to reality. First and foremost, I want to praise God for being with me in this venture. As it states in Philippians 4:13, "I can do things through Christ which strengthen me." He was there for me when I felt like I could not go any further. I would like to thank the staff and especially Lisa Gibson (remember the first two deadlines? Whew!!!!) for helping when you could. To Mindy Clinard and Mark Bolick, thanks for the pictures that capture the theme of those pages that I would lose sleep over. Tom "Big Daddy" Hilgers, thanks for putting this project unto me (You will pay for this). You have been such an influence to me for the past two years and I am honored to have you as a friend. Plus, you married a wonderful wife such as Jae (how could you go wrong?).

To all those I did not mention I want to thank you for your concerns and prayers. Despite my complaining at the beginning of this note, I really did enjoy doing this. Please make your four years here as meaningful as possible because this only happens once. Take care, God Bless and I will see you at the ten year reunion.

In His Love,
